A Global Market Leader
in Comprehensive Technology
Solutions for Business

Solutions for each stage in the technology lifecycle

Your business depends on the efficiencies that today's most current technology can deliver. Your profits depend upon careful decision making and use of capital. TCGI delivers total solutions that support the entire technology lifecycle of your business. We offer the following services:

- ❖ Needs Assessment
- ❖ Network Engineering, Integration and Support
- ❖ Infrastructure Development
- ❖ Procurement
- ❖ Implementation
- ❖ Support Services
- ❖ Secure Disposition
- ❖ Competitive Financing

TCGI offers competitive financing options through TCGI Capital, enabling us to provide you with a true end-to-end technology solution from design to procurement and financing to implementation and maintenance.

Instead of patching together a group of separate vendors, you can rely on TCGI to provide a single source for both technology expertise as well as competitive financing.

TCGI Capital offers the most comprehensive financing in the industry

It's important to refresh your technology components every few years in order to stay ahead. TCGI also understands that careful budgeting underpins a successful business. Our financial resources and relationships with technology providers deliver the widest choice of technology, market-proven guidance in your decision-making, and the financing terms that work best for your company.

- ❖ Turnkey options for equipment acquisition
- ❖ Multiple equipment/multiple location solutions
- ❖ Custom leasing options and competitive financing
- ❖ Flexible billing schedules and single-statement invoicing

“With TCGI, you preserve your capital and gain operational flexibility because one monthly payment covers everything you need: equipment, hardware, software, maintenance, extended warranty and service.”

– Avis Yates Rivers | President & CEO
